REMARKS

Claims 1-40 were pending in the above-identified application. By this paper, Applicant has cancelled Claims 1-40 without prejudice, and added new Claims 41-85. Hence, Claims 41-85 are now pending in the application.

5 Applicant specifically reserves the right to prosecute claims of differing or broader scope
than those cancelled herein in a continuation or divisional application.

10 Applicant notes that any additions, or cancellations made herein and not substantively discussed above are made solely for the purposes of more clearly and particularly describing and claiming the invention, and not for purposes of overcoming art or for patentability. The Examiner should infer no (i) adoption of a position with respect to patentability, (ii) change in the Applicant's position with respect to any claim or subject matter of the invention, or (iii) acquiescence in any way to any position taken by the Examiner, based on such additions or cancellations not substantively discussed.

Furthermore, any remarks made herein with respect to a given claim or amendment are intended only in the context of that specific claim or amendment, and should not be applied to other claims, amendments, or aspects of Applicant's invention.

If the Examiner has further questions or comments regarding this Amendment, he is invited to contact the undersigned directly at (858) 675-1670.

Respectfully submitted,
